

Vice Chieftain Report
Caledonian Society AGM
6/23/18

As your Vice Chieftain, I am so grateful that Bruce McEwan is Chieftain. And since I like to travel to visit my kids so much, it really helps that he is available in Hawaii most of the time. Good thing I take my computer wherever I go so those emails you get or the bi-monthly newsletters are still coming but may be via California, or wherever I am in the World. Technology is an amazing thing! Thank you for all the comments—good, bad or questioning! I appreciate even “a thumbs up” that lets me know you read whatever I sent. Or from many of you on the Mainland, just letting us know you still are interested in our Society is gratifying.

I also have been helping Jeannie Ferrier with the membership. We talk frequently to try to keep the list as accurate as we can. I am grateful for her connections with many of you regarding rides to events, illnesses and other family matters, as well as welcoming our new members. I also must thank Brian Richardson for his expertise with computer issues—he also keeps our website running smoothly.

The past couple of years I have been a representative from the Society to the Hawaiian Scottish Association. I have decided not to continue with this duty. The Chieftain will be looking to replace me and possibly one other representative. The Caledonian Society is a volunteer driven organization. We need our members to be involved to keep the Society vibrant and viable. Please come forward to let the Chieftain know you are interested in helping the Society and the HSA with this event and all the events we plan for your education and enjoyment.

Aloha,
Susan MacKinnon,
Vice Chieftain
