

## **2019 Vice-Chieftain report**

My job as Vice-Chieftain is to step in for the Chieftain when needed, inform Brian of changes on the website, send out email updates to the membership, and produce a newsletter about every two months. Since I travel to CA a lot (Oh! Those grandkids!), this job is accomplished via email quite often, and it seems to work out.

Sometime in the past two years, The Society decided to add PayPal to the website, but we have experienced a problem with them and have changed over to using SquareUp instead. The rates charged are similar but you will have to use a credit card to pay online. The online version of SquareUp that Brian has put together is secure, very easy to access, & your choices are simply stated. I hope you will try it sometime if you like making payments online.

My biggest job is probably the newsletters and email updates. These provide the membership with the information on upcoming events, member news, and pictures from events. If you have something you'd like to see in there or have information to share with the group, please send it to me at [susanmack1@mac.com](mailto:susanmack1@mac.com) .

Aloha,

Susan
