Vice Chieftain Report My position is to be a support to the Chieftain, stepping in to lead events and Council meetings when the Chieftain cannot attend. I have also taken on the writing of the newsletter along with Lillian Cunningham. I also send out emails regarding upcoming events or stories of interest to the Society. I encourage all who are involved with this organization to participate. There are many events for everyone to have a part – for example our Scots in Hawaii series. Choosing a subject, investigating it and then presenting it to the membership is rewarding & fun!
